

ABSTRACT

This study focuses on analyzing the mistakes in conditional type three made by the fourth semester English department students at Bina Nusantara University. The writer is interested in doing this thesis since conditional sentences type three is part of grammar which is one of problem in learning English. The writer distributed questionnaires for four times to forty students in the fourth semester English department students at Bina Nusantara University. The result of the questionnaires reveals that many students in the fourth semester face difficulty in using conditional sentences type three. The reasons why they are failed because they face difficulty in differentiate between conditional sentences type two and conditional sentences type three. It causes they make mistakes in applying incorrect form and using wrong tenses. The most kind of mistakes commonly occurred is in *result clause* on the other hand the fewest kind of mistakes is in *situation* questions.

Keyword: conditional, conditional type three, mistakes

ACKNOWLEDMENT

The writer realizes that this theses would not be completed without support and encouragement from mane people especially God. During the writing this thesis, the writer gets a lot of support from a lot of people. That is why the writer would like to thank to the following:

- God for showing strength and His way during doing this thesis.
- Parents, brother and sister who always support me during the hard time.
- Menik Winiharti, S.S., M.Hum, my mentor who always gives me advice and her time during this thesis
- Dra. Ienneke Indra Dewi, M.Hum, the dean of faculty and Risa Rumentha Simanjuntak, S.S., MApp.Ling., M.A, the head of faculty of letter for the advice and support
- Fourth semester students for giving the time and effort to be the respondent.
- Fanny Wibowo, Renny, Yulius, Wendy, Suyanto and all of my friends whose name cannot be written one by one.
- My KMBD's friends: Eka, Melly, Deli, Yuli, Khim, Jun, Agus.
- All Himsi's members who keep supporting the writer.
- All people involved in the writing of this thesis.

Finally, the writer hopes that this thesis should be useful to all the readers.
