This research is about sexist language in Eminem’s and Beyonce’s songs. It is conducted to reveal the use of sexist language in the chosen songs, to describe the deliberate use of sexist language as gender bias, and to show the relation of feminism to sexist language. This thesis is done with library research to collect the information and theories related to sexist language. The lyrics are collected from internet. The result of the analysis shows that the sexist language does exist in the lyrics and it is used as gender bias and is proved to be related to feminism. In the conclusion, both Eminem and Beyonce are using sexist language in their songs.

Keywords: Sexist Language, Feminism, Gender Bias
